

MATERIAL SAFETY DATA SHEET

1. Product and Company Identification

Product Identifier: HoseWraps Family

Item Numbers: FP2424, FSSM, FSLG, HS2, HS4, HWSM, HWLG

General Use: Handle nuisance leaks and drips from various hydrocarbon carrying hoses and connections.

Product Description: HoseWraps Family products quickly soak up oils, lubricants and other petroleum-based liquids. Impermeable tarpaulin covers keep liquids contained and prevent leaching.

COMPANY PROFILE:

Spilltech
Brookley Industrial Park
Mobile, AL 36615

TELEPHONE NUMBERS:

Emergency: (770) 929-6609
Technical Information: 1 (800) 228-3877

2. Composition / Information on Ingredients

Component	Weight %	CAS Registry #	OSHA PEL	ACGIH TLV
Polyester fiber	35.0	25038-59-9	Not established	Not established
12 oz PVC Tarpaulin fabric / polypropylene	60.0	9003-07-0	Not established	Not established
Hook & Loops closure	5.0	Not applicable	Not applicable	Not applicable
Pigment	0.3	Not applicable	Not applicable	Not applicable

Not considered a hazardous material at temperatures below melting point. Not considered a controlled substance or a carcinogen.

3. Hazards Identification

POTENTIAL HEALTH EFFECTS:

Eye Contact: No hazard in normal use of product.

Ingestion: No hazard in normal use of product.

Inhalation: No hazard in normal use of product.

Skin Contact: No hazard in normal use of product.

Chronic: Not established

4. First Aid Measures

Eye Contact: Not applicable

Ingestion: Not applicable

Inhalation: Not applicable.

Skin Contact: Not applicable

MATERIAL SAFETY DATA SHEET

5. Fire Fighting Measures

Flash Point: >600°F (>315°C)

Method: Not available

Auto Ignition: >600°F (>315°C)

Flammable Limits: Not determined

Extinguishing Media: Unused form: water spray. Used form: that which is compatible to liquid(s) absorbed.

Special Fire Fighting Procedures: Firefighters should use standard protective equipment and in enclosed spaces, self-contained breathing apparatus (SCBA). Use water spray to cool fire exposed surfaces and to protect personnel.

Hazardous Combustion Products: When heated above the melting point: oxides of carbon, ketones, acrolein, formaldehyde, aldehydes, and unidentified organic compounds.

Unusual Hazards: Melts at 325°F (163°C). Be cautious around melted polypropylene. Refer to absorbed liquid(s) MSDS(s). The HoseWraps do not render liquids non-flammable, neutral or less hazardous. Static discharge could be an ignition source for a combustible concentration of dust.

6. Accidental Release Measures

Spill or Leak Procedures: If material is unused, collect and recover for reuse.

7. Handling and Storage

Handling and Storing Precautions: Store in a cool, dry area, away from ignition sources such as sparks and open flames. May react with strong oxidizing agents and should not be stored near such materials.

Storage Temperature: Store below 60°C (140°F)

General: Refer to absorbed liquid(s) MSDS(s). The HoseWraps do not render liquids non-flammable, neutral or less hazardous.

8. Exposure Controls / Personal Protection

Engineering Controls: None required

PERSONAL PROTECTION

Eyes: Safety glasses with side shields is a good industrial practice.

Respirator: Not required

Gloves: Not normally required. However, when handling bulk, use of cloth, canvas or leather gloves is a good industrial practice.

Other: None

MATERIAL SAFETY DATA SHEET

9. Physical and Chemical Properties

Appearance: Gray/orange socks, pads or wraps with a Tarpaulin fabric / polypropylene cover
Odor: Negligible
Odor Threshold: Not applicable
pH: Not applicable
Melting Point / Freezing Point: 325°F (163°C)
Boiling Point / Boiling Range: Not applicable

Evaporation Rate: Not applicable
Vapor Pressure: Not applicable
Vapor Density: Not applicable
Specific Gravity: 0.90 – 0.92
Solubility in Water: Insoluble

10 Stability and Reactivity

General: Stable under normal conditions.
Conditions of Reactivity: Not established
Incompatible Materials: Strong oxidizing agents
Conditions to Avoid: Keep away from heat, sparks and fire.
Hazardous Decomposition: When heated, it may emit toxic fumes.
Hazardous Polymerization: Will not occur

11 Toxicological Information

LD50: Not available
LC50: Not available
Carcinogenicity: IARC: No
NTP: No
OSHA: No
California Prop 65: No listed ingredient
Chronic / Other Effects: None under normal conditions of use.

12 Ecological Information

No data available

13 Waste Disposal Considerations

Waste Disposal Method: If unused, no special precautions are necessary. Dispose of in accordance with Federal, State and local regulations. In certain types of cleanup applications the nature of the material recovered will classify the resulting spent material as a hazardous component. In such instances the material should be disposed of via an approved hazardous waste disposal service and the appropriate manifesting obtained.

MATERIAL SAFETY DATA SHEET

14 Transportation Information

DOT (Department of Transportation)

Proper Shipping Name: Not regulated

Hazard Class: Not regulated

Identification Number: Not applicable

15 Regulatory Information

OSHA Hazard Communication Standard, 29 CFR 1910.1200: No listed ingredient

SARA Title III (Superfund Amendments and Reauthorization Act): No listed ingredient

TSCA (Toxic Substances Control Act): Ingredients of this product are on the Inventory list.

16 Other Information

NFPA Hazard Ratings:

none → extreme

0 → 4

Health - 0

Fire - 1

Reactivity - 0
